

2.3.2 NO. OF TEACHERS USE ICT ENABLED TOOLS FOR EFFECTIVE TEACHING- LEARNING PROCESS.

**TOTAL TEACHER – 4
(From 6th October 2022)**

**From 2021, Our
Department Started ICT
based classes for All
round Development of the
Student Community**

The rapid development and spread of digital technology in the 1990's contributed to advancing industrialization and also improving the economic status of the countries. IT (Information Technology) is influencing every aspect of human life. It is playing a role in each and every aspect, such as at work places, education, entertainment, business, economic trends etc. In this digital world it is important to use technology in the classroom, so the students get the opportunity to learn and apply the digital Skills. ICT is making dynamic changes in society. We could see these changes more in education as teachers and students are getting more opportunities to adopt the teaching and learning needs of an individual with ease. ICT provides tools for educational change and reform. But the effective use of ICT & its integration is really a challenge

ICT tools stand for Information Communication Technology tools. The ICT tools means to digital infrastructures like computers, laptops, printers, scanners, software programs, data projectors, and interactive teaching box. The ICT devices are the latest tools, concepts and techniques used in student-to-teacher, student-to-student interaction

WE USE DIGITAL CLASS ROOM LAPTOP PROJECTOR FOR EFFECTIVE CLASS
